

# 2021 Directory of providers

Southwest Florida

## About us

Optum is a nationwide family of dedicated physicians and care teams working together to help people live their healthiest lives.

We bring patients local care, backed by national expertise. We get to know patients as neighbors. And we see your communities as places that impact your health. When you visit our networks in Florida, Optum and WellMed, you get more than a familiar face. Our patients get personal care, backed by the experience and breakthrough research of our team. We use the knowledge of leading doctors across the country to help patients get the care they need. Our goal is to bring personalized care to everyone — working with one person and one community at a time.

Our doctors also get the tools and the time they need to practice medicine the way they always envisioned, so they can get patients more quickly on the path to health and recovery. Our patients also benefit from a personalized care team that stays by their side throughout treatment to coordinate their care.

This directory allows you to preview our list of providers, review their credentials and specialties, find the locations nearest you, or verify insurances accepted. We are grateful to be a part of your health care team. And we look forward to continuing this journey with you.

# Glossary clinics by county

Charlotte clinics . . . . .	5
